5th September 2022

To whom it may concern

It was a pleasure to have had Annika Dhariwal from Cheltenham Ladies College shadow me for two weeks starting on 10th December 2021. I was a little unsure about what she could possibly gain, but was pleasantly surprised by her determination and keen interest in public policy. I hope she was able to get some insight into our work at the World Bank.

Learning about her social project Gluten Free Jio at such a young age was impressive. The interview she drafted and conducted at the end was comprehensive in coverage of various initiatives in India in bilateral economic diplomacy, poverty alleviation and infrastructure financing.

I appreciate her deep interest in public policy and global health issues. I am sure her enthusiasm to learn and her excellent communication skills will serve her well. Young engaged minds like hers are indeed a big asset in bringing positive changes in the world.

I wish her success in her future endeavors.

(Rajesh Khullar)
